1. There are from 80 to 90 students at the Agitpropeschule (school for political propaganda). Teachers there are both German and Russian. At least once a week either Grotewohl or Pieck come to confer with the teaching staff. Several of the students have already been involved in the elections. Forty-two students from the western zones are said to be now attending the school.
2. The school seems more than ever cut off from the outside world. Not even employees of the Magistrat or the SED in Liebenwalde have access to it. Also the Soviet Military and the MVD personnel collected in Kreuzbruch, the station before Liebenwalde, purposely or not, make it difficult to travel from Berlin to Liebenwalde.
